CLEARINGHOUSE

FOREWORD

This issue is an annual supplement to the Medicaid Management Report published quarterly by the Medical Services Administration's Division of Program Monitoring.

In this issue, we are presenting some selected data on Medicaid recipients and expenditures for Fiscal Year 1976 which have been compiled from financial and NCSS reports as well as some annual data on the E.P.S.D.T. program. In addition, we are presenting some trend data on Medicaid recipients and expenditures for the period 1970 through 1976. We hope that you will find the information presented useful.

Highlights of Fiscal Year 1976

In Fiscal Year 1976, total Medicaid expenditures increased by 15.9% to $14.6 billion; the Federal share of total Medicaid expenditures was $8.3 billion; an increase of 17.8% from Fiscal Year 1975. By comparison, total Medicaid expenditures in Fiscal Year 1975 were $12.6 billion, of which $7.1 billion was the adjusted Federal share.

Medical Assistance Payments in Fiscal Year 1976 rose by 15.6% to $14.0 billion. The largest State by size of Medical Assistance Payments was New York, which expended $3.0 billion or 21% of total Medical Assistance Payments. Sixty seven percent of all Medical Assistance Payments were expended in the ten largest States, by size of Medical Assistance Payments, in Fiscal Year 1976.

The number of Medicaid recipients rose by 3.6% in Fiscal Year 1976 to an estimated 22.9 million persons. By basis of eligibility, the category of Medicaid recipients which had the highest percent increase in numbers was the disabled which increased by 10.2% over Fiscal Year 1975. In contrast, the number of blind recipients declined for the second year in a row.

While dependent children under 21 comprised the largest single recipient group participating in Medicaid in Fiscal Year 1976, making up 48% of all recipients, the largest proportion of Medical Assistance Payments went to aged recipients, on whose behalf, $5.3 billion in payments were made which constituted 38% of all Medical Assistance Payments.

In Fiscal Year 1976, the average payment for all Medicaid recipients rose by 12% to $610. Aged and disabled recipients had the highest average payment, averaging $1371 per recipient, respectively. Disabled and aged recipients also had the largest

percent increase in average payment per recipient, the average payment for these two categories of recipients increasing by 14% and 12% respectively, over Fiscal Year 1975.

The largest portion of Medical Assistance Payments made in Fiscal Year 1976 went to inpatient facilities. Inpatient hospital care accounted for 31.7% of all payments made followed by payments made to Intermediate Care Facilities (19.5%) and payments made to Skilled Nursing Facilities (18.2%). Total payments for inpatient services accounted for 69% of all Medical Assistance Payments made during Fiscal Year 1976. A larger proportion of Medical Assistance Payments went to Intermediate Care Facilities than to Skilled Nursing Facilities in Fiscal Year 1976, in contrast to Fiscal Year 1975 when payments to Skilled Nursing Facilities accounted for 20% and payments to Intermediate Care Facilities accounted for 17.7% of all payments made. By percent increase in payments, the types of services which increased the most in Fiscal Year 1976 were home health services and outpatient hospital care which increased by 93% and 50% respectively over Fiscal Year 1975.

*All percentages rounded.
NA - Not Available.
1/ - State statistics submitted to National Center for Social Statistics except 2/.
2/ - Edited by SRS.
3/ - "Annualized" # derived by multiplying a monthly figure by 1.2 to account for "off and on" factor.
4/ - Less than .1%.
5/ - % reflects those States reporting screenings and referrals.

MEDICAID SERVICES STATE BY STATE,

JUNE 1, 1976 √

* **BASIC REQUIRED MEDICAID SERVICES:** Every Medicaid program must cover at least these services for at least everyone receiving federally supported financial assistance: inpatient hospital care; outpatient hospital services; other laboratory and X-ray services; skilled nursing facility services and home health services for individuals 21 and older; early and periodic screening, diagnosis, and treatment for individuals under 21; family planning; and physician services. Federal financial participation is also available to States electing to expand their Medicaid programs by covering additional services and/or by including people eligible for medical but not for financial assistance. For the latter group States may offer the services required for financial assistance recipients or may substitute a combination of seven services.

Services provided only under the Medicare buy-in or the screening and treatment program for individuals under 21 are not shown on this chart.

Definitions and limitations on eligibility and services vary from State to State. Details are available from local welfare offices and State Medicaid agencies.

● offered for people receiving federally supported financial assistance

\+ offered also for people in public assistance[2] and SSI[3] categories who are financially eligible for medical but not for financial assistance

FMAP[4]	BASIC* REQUIRED MEDICAID SERVICES SEE ABOVE		Additional services for which Federal financial participation is available to States under Medicaid.

Intermediate Care Facilities (ICF): P.L. 92-223 transferred the ICF program to Medicaid (Title XIX) as an optional service, effective 1-1-72. States may at their option include institutions for the mentally retarded, both public and private. See footnote five.

1/ Data from Regional Office reports of characteristics to State programs and State plan amendments.

2/ People qualifying as members of families with dependent children (usually families with at least one parent absent or incapacitated).

3/ People qualifying as aged, blind, or disabled under the Supplemental Security Income program.

4/ FMAP - Federal Medicaid Assistance Percentage: Rate of Federal financial participation in a State's medical vendor payment expenditures on behalf of individuals and families eligible under Title XIX of the Social Security Act. Percentages, effective from July 1, 1975, through June 30, 1977, are rounded.

5/ Including ICF services in institutions for the mentally retarded.
